Other notable :

I'm a highly motivated second year Computer Science student and aspiring software engineer. I am seeking to learn and build experience in the tech industry through meaningful work.

BIO

I'm a principle Brazilian Jiu Jitsu Professor with over 10 years of experience. I believe Jiu Jitsu is a powerful tool that allows its practitioners to build community, confidence, self defense, health and fitness. I have the skillset and knowledge in facilitating the growth and proper instruction of this art.

Operations / Co-founder, Apex Federation - 2018 - 2019

Apex is a premium learning platform for martial arts! Our business to many model provided a service that gives users on-demand access to topnotch instructors, learning material, and connecting academies with potential leads. As a full time Co-founder, I worked closely alongside the CEO and CTO in product development and technical documentation. I created standardized learning material and curriculums, tailored to skill levels and goals. This was a key component to our success (a person able to reach their goals as quickly as possible). Our business model allowed us to remain agnostic while leveraging the resources of other businesses, enriching the ecosystem for students and expanding the economy for instructors. This business operated on a framework that could be applied to all expert fields of knowledge.

Brazilian Jiu-Jitsu Professor, Ralph Gracie Academy — 2017-2019

As the jiu jitsu professor/instructor my role was to develop curriculum, instruct classes, and instill our teams methodology. The curriculum I created is ideal for different learning levels beginners, intermediate and advanced, for children and adults classes all in a safe environment. I led our competition program as the team captain. This meant during competition season I would restructure the criteria to suit the needs of the individual, coach during the tournament and curate curriculum based on the outcome. As a result, we were able to produce two IBJJF World Champions and many other significant acidulates.

Brazilian Jiu-Jitsu Professional, Ralph Gracie Academy — 2014 - 2020

I professionally competed in the IBJJF Brazilian jiu-jitsu circuit for 7 years. My notable accomplishments are

- World Championship (Pro Level) Qualifier (2020)
- New York Pro Gold Medalist (2020)
- San Jose Open Gold Medalist (2020)
- Los Angeles Pro Gold Medalist (2019, 2020) - World Medalist (2018)
- Youngest Black Belt awarded in Ralph Gracie organization

Education (Jiu-Jitsu)

- Alliance (Cobrinha LA)
- AOJ (Atos)
- CheckMat (Headquarter Long Beach)
- Ralph Gracie Jiu Jitsu Academy San Francisco
